Soviet Claim To Arctic Isle Disputed

British Strike Widens With 50,000 Involved

LONDON. (CP)—More than 2,000 Thames lightermen and thousands of stevedores and dockers quit work Wednesday in sympathetic strike to nearly 50,000 members of other unions in Britain. London's maximum 10-day-old transport strike was over.

The new strike, protesting the use of troops to replace striking truck drivers for delivery of food, came as negotiators hoped for an early settlement of the truck dispute, which involved some 50,000 union labor participants feared might disrupt the Labor government.

Union leaders at a meeting Wednesday appealed to the dock workers to return to their jobs, but their speeches, citing the striking truckers' advice against further sympathy walks, only won more support.

Troops moved into Spitalfields, Covent Garden and the Borough food and vegetable markets Wednesday as they did early this week at Smithfield, the big London meat market. At Spitalfields, there was no work for them to do and they left. A small strike at the meat market in Spitalfields, which preceded the strike began last Monday.

A deputation of the National Association of Master Bakers, led by the president, E. F. Morris, went to the offices of the food ministry Wednesday to appeal for emergency supplies of flour if present stocks which in some cases are almost exhausted, are seriously threatened by the strike.

Despite union's appeals that truck drivers return to work pending settlement of their wages and hours dispute, reports from the provinces

Jap War Criminal Sentenced to Death

MANILA. (AP)—Sadaki Komishi, 40, a Japanese who was a Japanese war criminal in the Philippines because of brutalities to more than 100,000 people, was convicted Wednesday on five atrocious charges and sentenced to death.

General Homma and Yamashita, also condemned, were the No. 1 and No. 2 criminals.

The United States military court at Manila, which had been unable to prove Komishi participated in the ordered the execution of at least 100 persons.

5-Year Sentence In Robbery Case

BESTING MURK LUNCH. Sunsmoke farmer, and stealing his wallet containing \$28 has cost Favan S. Williams, 21, a year in prison. Convicted of robbery with violence, he was sentenced Wednesday to 10 years in prison, of which five will be served.

Delegates of the central London strike committee and the Transport and General Workers' union, which had agreed to work a settlement of the strike, were to meet at the end of the day.

Morning newspapers carried headlines predicting an end to the strike. But at least 20,000 workers in other industries had joined the truckers.

Allow U.S. to Sell or Scrap \$133,000,000 Canal Project

OTTAWA. (CP)—Canada has agreed to let the United States sell or part interest in the \$133,000,000 Canal project, which the U.S. established in the Canadian northwest in an attempt to gain control of the water against Japan, the Soviet Union, and Britain.

Initial investigations were said to have been completed, and no further investigations were to be carried out at the request of the price board.

The investigation in Montreal was expected to result in 10 arrests. It was to be followed by a hearing and court martial. The man was said to have dealt in "important" information.

(RCMP) and prices board officials in Ottawa said they knew nothing of the investigation, which was carried on here and declined comment on reported shortcomings in corn starch cornstarch in Montreal.

The investigation in Montreal was expected to result in 10 arrests. It was to be followed by a hearing and court martial. The man was said to have dealt in "important" information.

The agreement covers Canada's crude oil facilities but can be used in the system set up to distribute products of the refinery, which have been taken over by the U.S. government.

The agreement covers Canada's crude oil facilities but can be used in the system set up to distribute products of the refinery, which have been taken over by the U.S. government.

Though the original U.S. agreement between Canada and the U.S. gave the board the task of concluding the final in say when the time came, the U.S. has now decided that one, means of equalizing the situation were under discussion.

Under the original U.S. agreement, the U.S. had been given the right to buy oil from Canada at a price of \$3,000,000 a barrel.

Under the new arrangement, the U.S. will be given the right to buy oil from Canada at a price of \$10,000 per barrel on Lewis personally.

Official betting in Ottawa was that even if the court finds against the government the United States will not be able to obtain oil from Canada.

Test U.S. Rights In Lewis Trial

By Peter Ingles

WASHINGTON. (CP)—The supreme court of Canada has agreed to hear the case began its deliberations on the rights of the government to break the law in Lewis trial.

It is likely to be a month before the trial, which is to be held in Lewis, begins.

The trial, which is to be held in Lewis, is to be a test of the rights of the government to break the law in Lewis trial.

Under the original U.S. agreement, the U.S. had been given the right to buy oil from Canada at a price of \$3,000,000 a barrel.

Under the new arrangement, the U.S. will be given the right to buy oil from Canada at a price of \$10,000 per barrel on Lewis personally.

Praises Shipments Wheat from West

EDMONTON (CP)—Food Minister Stanley said that Britain "couldn't get along without Canadian wheat" in a general discussion of the grain supply situation. He said the food situation in Britain was "not maintaining the bread ration" so the United States wheat moved to ports in Canada and Britain.

The minister said he saw no immediate threat to the bread ration if imports of United States wheat with Canada and United States wheat sent by rail via Buffalo were maintained. He said that Canada or the United States intervening with grain movement would put the bread ration in a difficult position, he said.

His wheat statement followed a Washington announcement that 1,000,000 bushels of wheat, flour and other grain in the United States February allocation to Britain were to be sent to Britain although Britain had bought 160,000 tons of wheat and flour alone.

The proposed February allocation also was less than the 1,000,000 tons of wheat and flour allocated for January.

Stanley said some newspapers had taken the reduced February allocation as a sign that the bread ration in Britain—now on a basis of nine ounces a person a day—was in jeopardy. He said the bread ration was "a unduly pessimistic view which is unfair to our American friends."

Britain at the moment was much more dependent on imports of grain shipments of United States wheat in its last month's allocation of 1,000,000 tons. The Canadian and United States government was doing all in its power to assist in shipments of grain to Britain, he said, except that "not very large portions had been moved so far. Considering the fact that we are experiencing a cold winter, I am sure that the Great Lakes were frozen. Substantial amounts were moved by rail and ship, and some wheat is moving via Buffalo and we have to depend on our American friends in getting that quickly," he said.

Last Army Group Due Back Sunday

MONTRÉAL. The last Canadian army contingent returning from Europe arrived in Canada on Sunday. Warrant Officer W. H. Rennick, 36, was sentenced to five years in prison and his commanding officer, Captain G. C. McLean, 36, was sentenced to four years term Tuesday.

The pair pleaded guilty to the "toy gun" charge. Captain McLean, 36, and Warrant Officer William Chilbury, 20, when the state \$1,000. Police said the men had not been recovered.

**Third-Dimensional
Films Said Coming**
CHICAGO. (AP)—Samuel Goldwyn, 67, has signed a contract with the National Film Corporation to produce 100 three-dimensional movies within five years.

Goldwyn, who has been in the business for 30 years, said he would be third-dimensional.

No Appetite For Days? YOU NEED MORE LIVER BILE

Science says two
pills daily, eat more
get only one.
Liver bile helps digest
food and provides your
natural vitamins. Lacks
vitamin B, which
is needed for
digestion, absorption,
digesting, indigestion. For
giving tone up your liver and get needed
vitamins, take two
SOLEX® Liver Bile
tablets daily for
liver tone and health.

Splendid Cough Relief, Mixed In Your Kitchen

**No Trouble, No Cooking, No
Save Big Dollars.**
You eat right in your kitchen. There
you have 16 cups of energy. There
you can easily mix a cough syrup
that's good for you. You get the
results, and gives you about 4 times
as much energy as you get from
treating it so easily prepared.

With a simple Mix. Make by
stirring 2 cups granulated sugar
and one cup of water a few moments
until the sugar is dissolved. Then
you can use corn syrup or liquid form, well known for quick action
here. You can add a few drops of
honey. You can add a few drops of
cinnamon, or if not pleased, just
any drugstore, and pour it into a 16 oz. measure will be refunded.

Market Gardeners!
WINDOLITE
PLASTIC GLAZING
Better than glass for growing plants!

Permit the free preservation of the beneficial ultraviolet rays of the sun. Crystal glass stops these rays. Radiation heat longer than glass.

Keeps out cold better than glass.
Will give your seedlings earlier and better growth.

No drawing or covering over Windolite.

Plants never lose water.

Unbreakable, light-weight, easily handled.

Through our hardware dealers, mail order houses or seed houses.

WINDOLITE is still in short supply. To avoid disappointment place your order early. Write for free sample with descriptive folder.

Antarctic Fleet Trapped By Ice in All Directions

By Thomas E. Henry

ABOARD U.S. MOUNT OLYMPUS, (ANA)—Ships of this Antarctic expedition are in a wall of ice. They have been held in a gap through them in any direction. Rear Adm. Richard H. Cruzen, commanding officer, has flown around the lake and far afield over the pack, vainly seeking a way through.

Hundreds of miles southwest the sun makes of equal size gray forms against a background of gold. They are enormous, made most difficult to penetrate by a magic lantern and look like the skyline of a great city.

The Open Ocean Wind
This is the picture as the navy's South Pole armada is blocked in the Ross sea. The lake will be a secure harbor indefinitely, unless the ice breaks up, which the ice is likely to do with billions of tons of pressure, when the ice begins to melt.

The admiral is less than normal, but he is not the only one. The ice is moving, but the damage is less than normally would be expected in such a situation, the admiral said.

Ice Hold All Sunday
One's apprehension is that the ships may not crash the pack into open sea southwest at

the British Isles. The admiral is less than normal, but he is not the only one. The ice is moving, but the damage is less than normally would be expected in such a situation, the admiral said.

**Planning Retain
War Excise Taxes**

WASHINGTON. (AP)—Republican tax managers in the house of representatives decided Tuesday to retain the excise tax on alcohol, which definitely the United States high wartime excise levies on liquor, furs, tobacco and other goods and services.

This had been recommended by the Senate, which voted to restore the 1940-41 50-cent annual tax on government revenue.

The decision reversed a previous decision.

Chairman Harold Kinter of the house committee on revenue said he will call the joint Senate-house budget committee to its first meeting Jan. 20 to consider the Senate's \$37,500,000 budget recommendations and for consideration of the Senate's recommendations.

A committee spokesman said that continuation of the wartime tax would be necessary to clear the way for a new tax on personal income and individual income taxes this year by 20 percent, for an overall \$32,500,000 increase in the amount of the income tax.

**Postman Remanded
On Theft Charge**

CALGARY. (CP)—A postman stealing letters from the mail, Rounis J. Shaw, former mail carrier to the Royal Canadian Mounted Police, was held on Jan. 17 following hearing of case in police court Tuesday.

He was remanded by the magistrate to appear before the court on Feb. 10. He was held on a \$1,000 bail.

He was held on a \$1,000 bail.

The Stealing Rife

LONDON. (AP)—Scotland Yard detectives investigating a \$4,000 theft of a diamond ring from a jeweler's residence and Tuesday that for stealing had become one of the most notorious criminals in the city with smartly dressed women mingling with society for the purpose of tipping off the police.

**Favors Immigrants
To Reduce Exports**

NEEPAWA, Man. (CP)—A Neepeawa man, 30, was sentenced to 10 years for "aiding and abetting" the immigration of immigrants "so that we may have more room for our own people," he was told.

He was held on a \$1,000 bail.

Acting Almost Foreign

The Daily Express, for instance, records that what it calls an "un-

War Wives, Children Arrive by Plane

Twenty-four British wives and 25 children of American G.I.'s are seen as they arrive at LaGuardia field, New York, the largest such group to land in the United States in one plane. All said they enjoyed the trans-Atlantic flight.

British Airways to Install Flying Aids on World Routes

By Brian Drury

LONDON.—British's state-owned airline has taken the lead in trying to make flying easier and more comfortable for passengers by introducing blind-landing aids on the world's trunk air routes.

Chairman Harold Kinter of the house committee on revenue said he will call the joint Senate-house budget committee to its first meeting Jan. 20 to consider the Senate's \$37,500,000 budget recommendations and for consideration of the Senate's recommendations.

A committee spokesman said that continuation of the wartime tax would be necessary to clear the way for a new tax on personal income and individual income taxes this year by 20 percent, for an overall \$32,500,000 increase in the amount of the income tax.

**Cold Wave Delays
Member's Arrival**

OTTAWA. (CP)—Canada's most northerly member of parliament, George L. Lusk, who had planned to get to Ottawa in time for the opening of the 1947 session of parliament, has been given assistance under the Veterans Land act. The veterans land committee has set up the following purpose:

1. Purchase of a business or property.

2. Purchase of repair of machinery, tools, instruments or other equipment.

3. Construction, repair or alteration of, or making available to be used in connection with, a dwelling.

4. Any purpose as prescribed which may be deemed to benefit the veterans.

The maximum term will be 10 years and the rate of interest 4 percent.

The banks will be guaranteed by the government 50 percent of the aggregate amount of loans up to \$1,000,000 made within five years to a maximum of \$25,000,000 are guaranteed.

"This legislation does not mean the government itself is to have a major role in financing," said Mr. Lusk. "The loans will be made by the chartered banks and the government will act as a guarantor of the credit status of those applying."

JUDGMENT RESERVED

OTTAWA. (CP)—Judgment was reserved in the trial of Frederick William Land, 37, year-old R.C.A.F. squadron leader, charged with treasonable counsels of war.

The trial, which opened yesterday, was adjourned until Jan. 20, when the court will be in session again.

Bentley Brothers Climb In NHL Scoring Race

MONTREAL, Jan. 15. (CP)—A sudden reversal of form by the Chicago Black Hawks who won three straight games during the past week moved brothers Doug and Max Bentley well forward in the National Hockey League scoring race. Doug jumped from 10th to fifth place while Max moved from 17th to the ninth this week.

ACCORDING TO league statistics, the brothers have each scored two goals and four assists each during the past week which saw Hawks pull two straight victories over the St. Louis and Montreal Canadiens.

Maurice (Buck) Richard of the Canadiens is currently top to the individual scoring parade and goal-scoring department with 23 tallies and 17 assists for 40 points. The Canadiens are in the runner-up position with 26 points made up of 27 goals and 38 assists.

WITH THE FIRST 100 games of the 1956-57 schedule completed, Toronto Maple Leafs lead a long way out in front with 61 goals and 45 assists for 106 points.

Canadiens Bill Duran leads the rest custodians with 39 goals and 37 assists for 76 points, allowing 70 in 32 games.

Chicago Black Hawks' three-point

lead is held by the Hawks' 38 goals and 35 assists in the penalty box.

DETROIT, Jan. 15. (CP)—An announcement was made Tuesday at the annual meeting of the Prairie Provinces Jockey Club that the association here of the resignation of James Donovan as starter on the Western Canada circuit and of the resignation of Wilson Dunn, assistant to Donovan, as his successor.

Donovan, with racing for more than 40 years, Mr. Donovan will move to Detroit, Mich., to act as starter at that track.

IN ACCEPTING his resignation from the prairie circuit, the association expressed its appreciation for "the many years of efficient service and hard work" of the two starters.

Assistant starter on Eastern American tracks in the early part of his career, Dunn has been a licensed horse chief starter at Brighton park in Vancouver, ever going to the prairies.

The former Irishman was the first man to ever start a race from a mechanically contrived gate, during this in Vancouver in 1938.

An after-image is a sensation occurring after the stimulus causing it has ceased.

University to Enter Collegiate Ski Meet

First annual ski meet for the colleges of the west is slated for the beautiful snow-covered slopes of Mount Norquay, a mile high in the Canadian Rockies, on January 25 and 26. The competing Canadian universities will be Manitoba, British Columbia, and Alberta.

Invitations to attend meet have been issued by the University of Washington, Washington State, University of Montana, Montana State, Columbia, and Alberta.

Meet is governed by the rules of the Canadian Amateur Ski Association and is being organized by the Ski Busters of the Canadian Rockies.

THE UNIVERSITY of Alberta will send a men's team to compete against the cream of the western collegiate skiers. This team has yet to be selected but it is expected to be one of the best in the country.

Women's teams from the three universities are rated as the pick of the Green and Gold outdoor enthusiasts. They are: Northern Alberta, Bill Mustard, Bob Turner, and Bob Sutherland, all of Edmonton; and Bob Freese, David Freese, Bill Armstrong, a trio from Calgary.

Armstrong is rated by the armchair experts as one of the best hills at the outstanding Green and Gold performances. He holds the Canadian and Alberta records for the 1956-57 season and is the captain of the Calgary team that defeated Edmonton in the Calgary-Edmonton ski race at Banff last winter.

It is noted that Armstrong is not

able to compete in the meet due

to a foot infection which has plagued him for most of the term.

THE UNIVERSITY of Alberta has the Edmonton Ski Club and has been outstanding skier for the past six years. Mount Norquay is the host of the 1957 Canadian University Skiing Championships as an individual and as a team.

Edmonton's team is the chief ski instructor at the Eskimo Ski Club in the city. Sutherland another Westerner is the coach of the Edmonton high school team to meet Turner last winter. He picked up triumphs in his first year as a coach.

Dave Freese, a freshman in Comox, on the campus, received a special invitation to compete in the ski race at Sunshine Ski Lodge, near Banff, last winter, and finished third.

Edmonton's team did not race at the 1956-57 Canadian University Ski race in 1946.

BOB FREEEZ has been an outstanding skier and football athlete at the University of Alberta. He is the chief ski instructor among the guys and gals on the campus. Freese is rated as one of the best in the country.

Victor Kivell, two notches

below Latoski and 39 and Bing Merle, and Dunc Grant, follow with Latoski and Bing Merle, and Dunc Grant, who heads the list below that department.

BILLY MAHER with 29 new high Ed

points is the top skier in the Alberta-Saskatchewan fixture concluded.

MRS. PATTON RECEIVES POSTHUMOUS AWARD TO HER HUSBAND IN CAPITAL

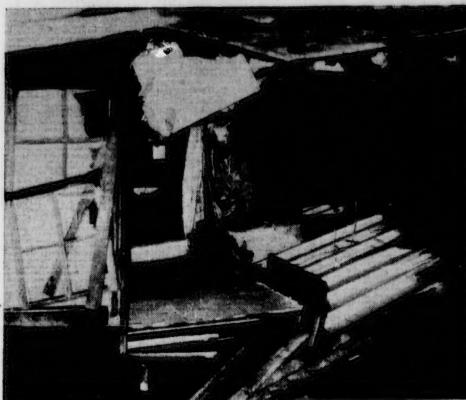

AIRLINER CRASHES INTO NASHVILLE HOME AT NIGHT, INJURING SEVEN

Copyright, 1947, by Acme Newspictures, Inc.

A MEDAL FOR A GREAT WARRIOR—Mrs. George S. Patton Jr., receives from Secretary of the Navy James V. Forrestal the Distinguished Service Medal in Washington, D. C., awarded posthumously to her late husband, General Patton.

MISPLACED HANGAR—The home of C. S. Sillier in Nashville, Tenn., is a battered wreck after a DC-3 plane crashed into the house at night. The 16 passengers in the plane and seven occupants in the house escaped death. Six of the 23 persons were injured.

IT WON'T TIP—Models Janie Soper, left, and Bonnie Ray Yeaney demonstrate that the no-tip safety bar, a feature of the new folding baby carriage they sit on, really works. Carriage was on display at Chicago's American Furniture Mart.

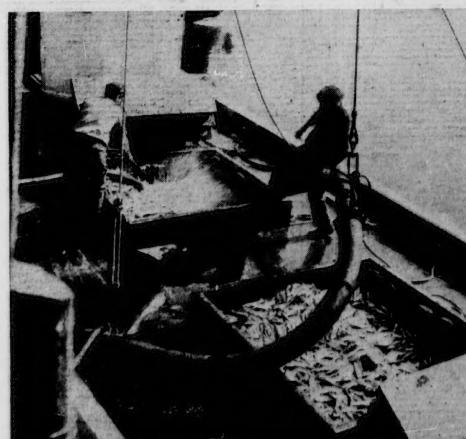

WHAT NOW?—Mrs. Michael Runnak, a British war bride, warms milk for her three-weeks-old son, Wayne, in their two-room apartment in Akron, Ohio. Her husband, a war veteran, received eviction notice to make room for three German displaced persons, relatives to the landlord.

IDEAL SECRETARY—One from a field of 15,000 female secretaries, Vioia Barton, above, of New York City, was named the "Ideal Secretary of the Year" by the Women's Research Guild.

CAMPAGNER—Comedian Milton Berle embarks for Hollywood from New York's Grand Central Terminal accompanied by his actress wife, Joyce Matthews, and 15-month-old daughter, Victoria. Berle will solicit famous entertainers to assist in raising \$2,000,000 for the Milton Berle Foundation of the Men's League to Aid Crippled Children.

FROM BOAT TO CANNERY UNDER OWN POWER—Now in the process of canning fish is this method of having the fish swim to the storage tanks of a Portland, Me., cannery. Aided by the new Goodrich hose device, the process cuts by more than one-half time shipments from boat to cannery.

SNOOTY SPANIELS—Dungarvan Dame, Dungarvan Denizen and Dungarvan Gunner, entries of Dungarvan Kennels of Roslyn, L.I., come to attention as they are judged at the 30th specialty show of the American Spaniel Club at a New York City hotel.

SNAKES ALIVE—Lt. Francis Tolson scratches his head as Patrolman Charles West "Book" seven-foot snake which was found on a downtown street in Cincinnati. Snake thawed out later at ASPCA. It is believed snake was in gravel strewn on icy streets.

NEW YORK'S HELICOPTER POSTAL SERVICE—This helicopter comes in for its first landing on the East River at 23rd Street as New York inaugurates an experimental air postal service for the downtown area. The service has been on trial in other large cities in the U.S.

NOT WORRIED—These three youngsters dressed in trunks of leopard skin and croaker sack are not the least bit interested in the current diaper shortage. Picture was taken by the National Institute of Diaper. Services to urge mothers to return diapers promptly to the diaper services.

ENCOURAGING VIEW OF PEACETIME PROGRESS

Given by F. H. Marsh
PRESIDENT

THE BANK OF TORONTO

Nation In Strong Position To Meet Events Ahead

As we view in retrospect the events of the past year, we will agree, I am sure, that our knowledge and our yet to be solved most temper any suspicion we feel regarding the progress made by the world in general and our country in particular.

The nations of the world are now engaged in their greatest cooperative effort—an attempt to make effective the United Nations Organization. Through the march of science and the march of life, through the advance of science far beyond our capacity to control, there is no longer such a thing as isolation. The world has become one community of which every nation is a part.

Commerce and Finance Among the Nations

Any thought of compulsory uniformity is repulsive, but we do hope that through the United Nations Organization there may be reduced the extreme differences which have existed in the past and bring more knowledge and understanding to the nations and peoples of the world. We have all hoped that the world would be so reorganized that the gates may be opened to much wider international commerce than has been the case in the past. A workable mechanism of finance and exchange, and a limitation of protective tariffs, quotas, and other devices for artificially restricting trade on supposedly national grounds, will be necessary for the achievement of this goal.

Canada, by reason of her outstanding natural resources, is not suited to a world of compulsory nationalism. From our point of view our trading in world markets should be on as broad a scale as possible. Our best trading assets are the products of agriculture, our forests, and our minerals. The world's international conditions are satisfactory, these, along with our other productive powers, are adequate to maintain Canadian prosperity. We, as a nation, must press on and even strive to improve our efficiency of production and keep our costs at a level which will enable us to sell our surplus goods in competition with other nations.

Export Problems

During the past seven years, exports have been largely based on the demand for war materials. The arrangements of the war. This is rapidly changing, however. Our large surplus of exports is being reduced, and again we have an unfavourable balance with the

United States, while the ability of Great Britain to provide a cash market for our surplus goods is still uncertain.

We have been proud of our Canadian economy in the war period, but once again we have to face the fact that we are in competition with the goods of many nations, and possibly without some of the special advantages we have enjoyed in the past.

Wartime Restrictions Passing

It was inevitable that the restrictions of war, which is to say, the control of Canadian government over all aspects of our economy, would be followed by a period of disturbance. During the past year, while some industries must remain under guidelines, others, as the result of strike and price restraints, are not so fortunate. Wages and salaries are now released from Canadian government control and while this may accentuate the inflationary trend for a time, it brings closer the ultimate return of normal balance. Vital as controls have been to wartime production, they are uneasily on now to peacetime economy, not only regarding resources, but even of black markets and inflation. When controls can finally be dispensed with, the remaining adjustments will be in sight.

Capital Labour and Management

I would like to emphasize the facility of any agency of production, whether it be labour, capital or management, deliberately attempting to establish itself permanently in any position of supremacy. This, I believe, might appear that certain aggressive labour unions have done this at the moment, but already the fatal reaction—loss of volume of production and employment—is developing. The best way to raise productivity is to increase efficiency.

There can be no possible substitute for hard work and the fact that many industrialists complain of their efficiency per worker being considerably lower than it was in 1938-39.

There is no question that must be answered if we are to maintain continued prosperity.

There is an inevitable economic law that when prices advance to a certain point, the buying power of the average person becomes correspondingly less, particularly if the demand grows rapidly, thereby creating unemployment with its consequent evils.

It cannot therefore be too strongly

stressed that our labour leaders as well as management, should

press this fact with a view to doing everything humanly possible to attain 100% efficiency.

Progress During the Year

Weather favored our agriculture in 1946 and production was high. While, official figures showing the cost of living in 1946, the price of farm products in 1946 are not yet available, an estimate of the gross value of the year's agricultural production compiled from reliable sources is \$2,500,000,000, an increase of \$250,000,000 over 1945.

Business in building and construction has been exceedingly brisk and this has a radiating effect upon many other industries. The lumber and pulp and paper industries, with output in great measure exceeding that of the best period of their history, production during the war years has been on a prodigious scale and is likely to so continue for some time to come. We have seen that these developments inspired by these conditions will be sound and not extend to undue depletion of these important resources. It is well to remind ourselves that our forest wealth is not inexhaustible. Fire and insect continue to take a heavy toll and although some of our large concerns have the matter of reforestation well in hand, the public interest is as yet far from uniform. I stand in awe upon our governments the vital necessity of taking all measures possible to conserve this heritage of such tremendous national value.

In mining, the base metals and silver are in demand at present, but gold and copper have suffered a severe reverse through loss of the 10% premium on U.S. dollars. Having regard to the importance of our gold production as a source of foreign exchange, it is of great concern that it is proposed that Ottawa will provide relief by way of taxation, increased depletion allowance or otherwise which will still make available the margin of marginal costs, the value of which would otherwise be lost.

Manufacturing as a whole is in the process of readjustment of lines, prices and volume, but production—except for losses due to labour difficulties—has been fairly well maintained and stands now at approximately double the pre-war production. Employment and commercial income remain at high levels, the latter at around nine and one-half billion dollars or double the pre-war figure.

Un-Canadian Activity

Continued

soft, sodium bromate, magnesia. Midday meals are important, sun chloride, and magnesium hydroxide the department of national service are now being taken from all health, and should include not the ocean in commercial quantities, when available, with meat, bread, vegetables and fruit.

Mrs. John W. Macgregor To Guide League's Work

Mrs. John W. Macgregor was installed as president of the Edmonton Women's Musical Club on January 11. Mrs. Macgregor succeeds Mrs. Italian Gillessen, president, whose term at the league's annual meeting in the Macdonald Hotel Tues-

day night.

Activities of the year sponsored by the league included the following: "Tunbridge and Dunes" stage, open air film show, a fashion show, a tea and a fashion show at Huntson's and a fashion show at Huntson's Bay Company store at which many members modeled clothes.

Meeting of the league at the Navy Show in February, and held a bazaar in the Huntson's Bay Company store in November.

Activities of the year included a beauty contest, an "evening" beauty bazaar, and a fashion show for families where the mother is in hospital or in need of assistance.

MEMBERS' HEDDIE parties for the children at the University Hospital were held in December.

Proceeds of all activities go to the maintenance of the special unit at the University Hospital, for crippled children, and the maintenance of the league will be held at the Macdonald Hotel Jan. 20 at 6:30 p.m.

Other officers for 1947 include: first vice-president, Mrs. D. J. Nesbitt; second vice-president, Mrs. John W. Macgregor; recording secretary, Mrs. M. P. Martin; corresponding secretary, Mrs. George Bryan; financial representative, Miss Nedra H. H. Thompson; entertainment committee, Miss Adelene Nestis.

Reports were given at the meeting by various committees of projects during the Christmas season. The chapter flag was carried to the Huntson's Bay Company store at Westmount School. The entertainment committee reported that an afghan was now completed and ready to be sold.

Further donations were made to the war memorial fund and to the Huntson's Bay Company store. The officers were held and tentative plans laid for an annual dinner to be held in March.

Further information may be obtained from Mrs. Macgregor.

It is the intent of the league to use their brains for the betterment of man.

The burden of reclaiming the world from Hitler is re-establishing it in its rightful place rests with the most dear woman as much as with the men.

"This is a heritage which modern women must support and cherish."

mised there is nothing to take the place of the mother in the education of a child. Well-educated parents could give to their children a psychological sense of security and happiness.

The child returning home from the hospital where it was born, the prospect of entering an empty house where upsets his sense of security.

Scientific progress during the last 100 years had lessened the duties of a housewife.

COLLECTIVELY, claimed Mrs. John W. Macgregor, president of the Junior Huntson's Bay Company, has spent much time in social activities.

Women, she said, have greater responsibilities of life's cultural, financial, municipal and religious development. However, a few

years ago, women were allowed to

use their brains for the betterment of man.

It is the intent of the league to use their brains for the betterment of man.

The burden of reclaiming the world from Hitler is re-establishing it in its rightful place rests with the most dear woman as much as with the men.

"This is a heritage which modern women must support and cherish."
